

**Welcome** to September's edition of the QU-H CPD-HP newsletter, our monthly publication to update the healthcare community of our latest CPD activities and an opportunity to connect with local & international partners.

## Chair's update

September will see the recommencement of our CPD calendar. Over the coming months, we have scheduled regular events, focusing on interesting and relevant topics, that will be delivered by local and international subject experts. Each event welcomes the attendance of all healthcare professionals.

Further events may be added to the CPD calendar; please check the website for up-to-date details or request to join the QU-Health CPD [mailing list](#) to receive regular notifications.

## How to get involved

QU-H CPD-HP welcomes and values the input of all stakeholders. If you have a CPD idea that you would like to propose, please contact us. We can help you identify local experts to work with in developing your ideas.

We would also like to hear from our participants. If you've recently attended one of our events, share your experiences using the contact info provided.

## How to contact us

Email: [cpd-hp@qu.edu.qa](mailto:cpd-hp@qu.edu.qa) Tel: (+974) 4403 5567
