

**Graduate
Sponsorship
Research Award
(GSRA)
Application**

**SAWSAN
ALMUKDAD**

Overview and Program description

- GSRA supports outstanding graduate candidates by offering them competitive scholarships to undertake research-based graduate studies
- Graduate candidates must develop and implement research projects that
 - address scientific questions relevant to Qatar's research mission, strategy, and its foremost challenges
 - contribute to the development of Qatar's research ecosystem

Eligibility

- **Local Track**

- GSRA supports Qatari nationals, non-Qatari children of Qatari mothers, Qatari document holders, individuals married to Qatari nationals, and residents of Qatar for 5 years or more with valid residencies valid residency permit

- **International Track**

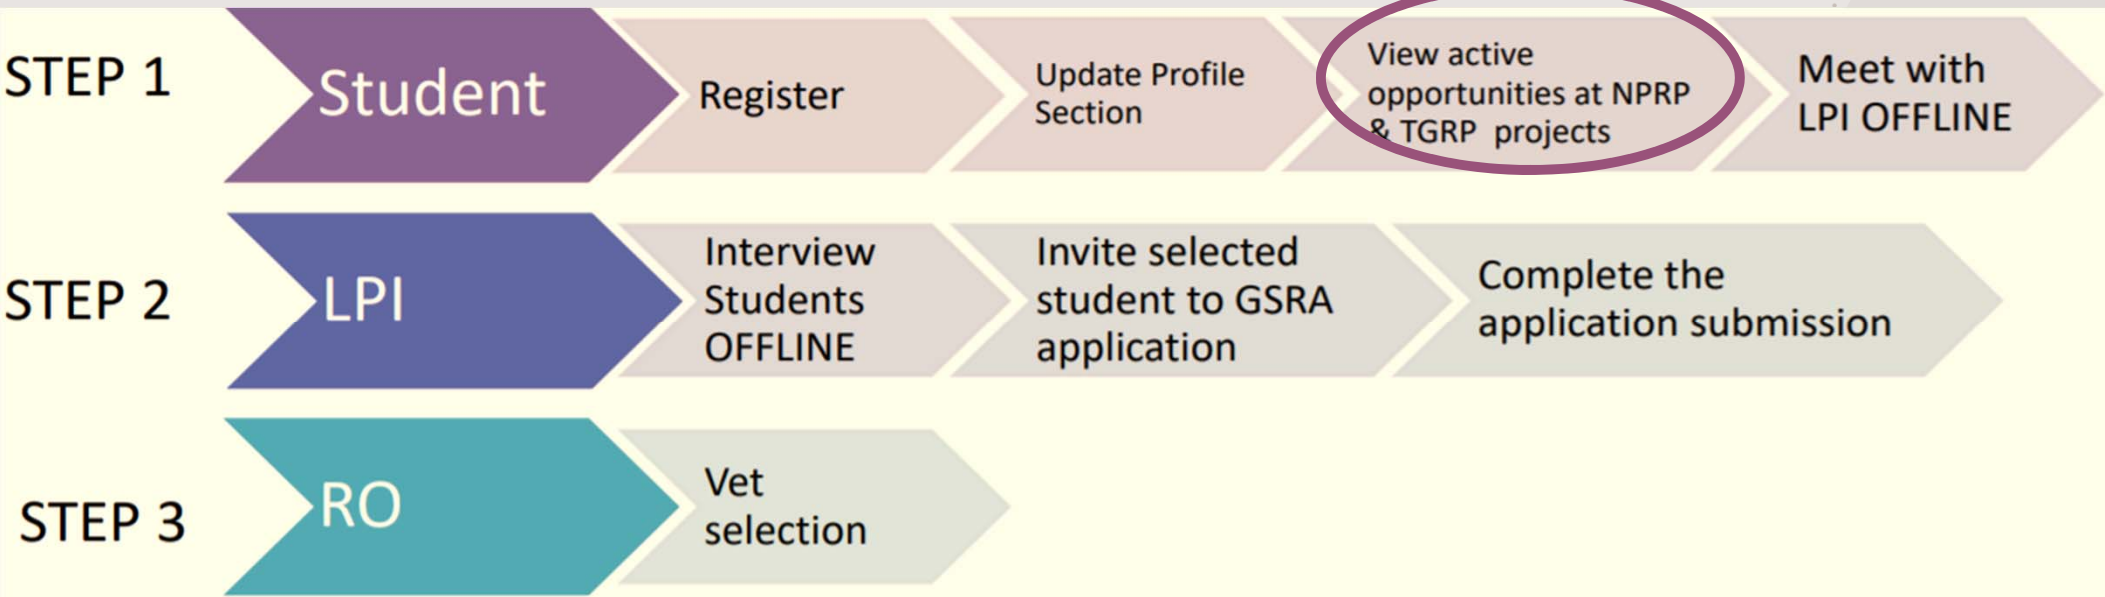

- GSRA international track only accepts Qatari nationals and children of Qatari mothers

- The candidate's age should not exceed 30 years at the time of submission deadline for both tracks

Potential benefits

- Up to four years of financial support will be granted for doctoral study, and up to two years of financial support for masters degree study
- Through this program, QNRF aims to connect the graduate-sponsored students with awarded QNRF grants
- Build the local human capital and train our future scientific and academic leadership

GSRA Application Process

Welcome to the QNRF searchable database of awarded projects. QNRF's powerful search technology is user-driven – by selecting either single or multiple search criteria from a series of drop-down lists, users can browse through awarded projects that match their chosen fields. The search criteria offered are accessed through a series of on-screen text boxes: Clicking on the Search button will then generate a list of matching projects.
