Work Offered

Entrepreneurial Student: Software Development

ParkDepot is a seed-round funded startup from Munich, developing an AI-based technology to optimize the utilization on parking lots and increase efficiency in traffic. Our team consists of young entrepreneurs and tech enthusiasts with backgrounds from TU Munich, Manage&More, Harvard and Stanford. We believe in the excellence of our team, fast paced working environments and disruption through technology. We are looking for a senior level employee / freelancer to support our growth and success story.
