Linking your Blackboard Course to Echo360

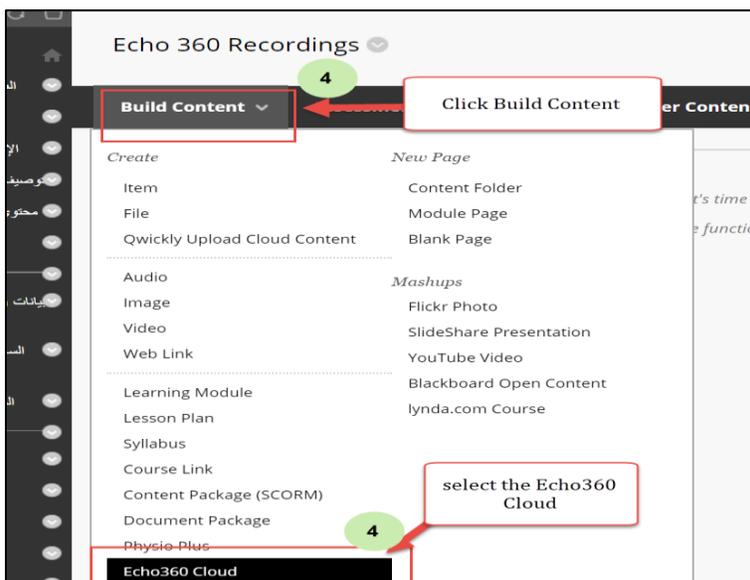

To Link your Blackboard Course to Echo360, please follow the instructions below:

1. Log in to Blackboard and navigate to each of your courses
2. Click on the  from the Course navigation in the left panel and create **Content Area**;
3. In the Create Content Area, enter a Name that makes it clear this is the link for your Echo360 class content (e.g. Echo 360 Recordings).

4. Click **Build Content**, to open the content menu, and then select the **Echo360 Cloud** (it should be clearly named).

- In the Create content page, enter a Name that makes it clear this is the link for your Echo360 class content. This Name will be the text of the link that users will click to access their Echo360 content.
- You may also want to add a Description, to make it clear this is the link to Echo360 classroom content. This is optional.

You can ignore the other 'Grading' and 'Options' steps if you wish.

When finished, click Submit. The link should now appear (with the given name) in the Content page.

The screenshot shows a form titled 'INFORMATION' with the following sections:

- Name:** A text input field with a red box around it and a callout bubble (5) that says 'Enter a Name that makes it clear this is the link for your Echo360'.
- Description:** A rich text editor with a red box around it and a callout bubble (6) that says 'Add a Description, to make it clear this is the link to Echo360'.
- Color of Name:** A dropdown menu currently set to 'Black'.
- ATTACHMENTS:** A section with the instruction 'Select Do Not Attach to remove a selected file.' and buttons for 'Attach File', 'Browse My Computer', and 'Browse Content Collection'.
- GRADING:** A section with 'Enable Evaluation' radio buttons for 'Yes' and 'No', and a callout bubble (7) that says 'Ignore the other 'Grading' and 'Options' steps if you wish'.

At the bottom, there is a 'Click Submit to proceed.' instruction.

- Click the link to Echo360 you just created.
- Use the drop-down list(s) to select the Echo360 section you want to link to.
- Select Link to the Section Home to link students directly to the section class list.
- Click LINK CONTENT to complete the configuration.

The screenshot shows the Echo360 configuration interface with the following steps and annotations:

- Step 1: Choose (or create) a section:** A dropdown menu is shown with the selected option 'Echo360TestCourse - Echo360_Course (2019/20)'. A red callout bubble (8) says 'Select the related course'.
- Step 2: Select where you want students to be redirected:** Radio buttons are shown for 'Link to the Section Home' (selected), 'Link to a Classroom', and 'LINK CONTENT'. A red callout bubble (9) says 'Select Link to the Section Home to link students directly to the section class list'.
- LINK CONTENT:** A blue button with a red callout bubble (10) that says 'Click LINK CONTENT to complete the configuration'.

Once you link through, you are automatically enrolled as an instructor in the target section. Also, your Students will be automatically registered to the Echo360 course when they click on the link for the first time.
